CAS2Net and Pay Pools

CAS2Net

- Now CAC enabled
- DD Form 2875 System Authorization Access Request
- CAS2Net Enhancement
- CCAS Form

CAS2Net

- The new CAC-based authentication is pretty slick.
- No more lost passwords!
- Need to collect from each user his/her 10-digit EDIPI (Electronic Data Interchange - Personal Identifier) from his/her CAC certificate
- Need to collect completed DD2875 (system access authorization request form) to meet IA requirements on user account documentation.
- Modified the user account section of the employee maintenance data form so that data maintainers can record a user's EDIPI thereby granting access via CAC.
- Will distribute guidance to the pay pools on the new CAC user authentication and user account management process in CAS2Net.
-
- If you look at your CAC certificates, EDIPI is appended after your name, as in Doe.John.D.0123456789.

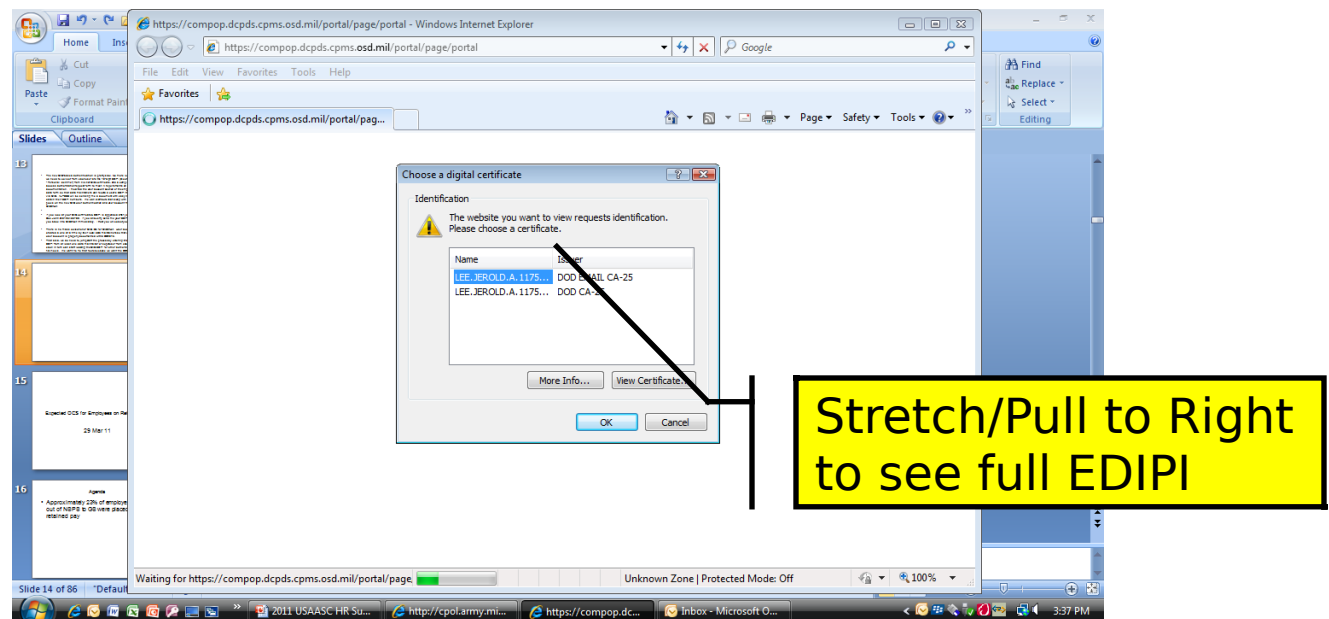

CAS2Net

- There is no mass collection of CAC IDs and DD Form 2875 for CAS2Net.
- User accounts are to be created one at a time by their local data maintainers so that we can be sure each user account is properly documented with a DD2875.
- That said, we do need to jumpstart the process by entering into CAS2Net the CAC EDIPI from at least one data maintainer or superuser from each pay pool so that each in turn can start loading the CAC EDIPI for other authorized users in their paypools.
- Army AcqDemo Office will collect and maintain the DD Form 2875s on each pay pool's superuser and/or the primary data maintainer .
- Local users' D2875s will be collected by each pay pool, not at the Army AcqDemo Office or DoD AcqDemo Program Office level.

10-digit EDIPI (Electronic Data Interchange - Personal Identifier)

How to locate my EDIPI on my CAC?

1. From the Start menu taskbar, double click the ActivClient Agent icon.
2. When the ActivClient window opens, preview the blue banner at the very top of the window.
3. The EDIPI number is listed directly after your name. For example: Doe.Jane.12345667890 In this example 1234567890 is the EDIPI

How to Find Your EDIPI in 3 Clicks

Objectives/Interim Step-by-Step from NSPS to CCAS

4 April 2011

Transitioning NSPS Objectives in the Performance Appraisal Application (PAA) to Army AcqDemo Contribution-based Compensation and Appraisal System (CCAS) Form for Transition Year, Step-by-Step Process

During the Transition Year for NSPS to AcqDemo, a determination by DoD was made that objectives and accomplishments under the 2011 Rating Year for NSPS would be used in conjunction with the Army AcqDemo annual rating.

The process outlined below allows for NSPS objectives to be used during the transition year in AcqDemo. NSPS accomplishments from 1 October 2010 to 21 May 2011 (23 April 2011 for the Pilot Transition Spiral) will carry-over and be included in the AcqDemo annual rating ending 30 Sep 2011.

The following steps must be followed:

Step 1: NSPS Objectives in the PAA. Each NSPS Employee will have an *approved* Performance Plan in the NSPS PAA NLT 20 April 2011.

NSPS job objectives created/written in PAA.

Rating Official sends to HLR for approval (or Option B, Rating Official approves for HLR).

HLR approves NSPS objectives in PAA and returns to Rating Official.

Rating Official enters date and method of communication then transfers to Employees for acknowledgement.

Employee acknowledges objectives in PAA.

Objectives/Interim Step-by-Step from NSPS to CCAS

Step 2: The NSPS Interim Review will function as the NSPS Close-out. The interim period will be 1 October 2010 through 21 May 2011 for the 22 May 2011 Spiral and 1 October 2010 through 23 April 2011 for the Pilot Spiral. NOTE: An “approved” performance plan must be in the PAA before this step can be completed.

Employee provides interim self assessment of the NSPS performance objectives.

NLT 25 April 2011 for the 22 May Spiral.

NLT 8 April 2011 for the 24 April Pilot Spiral.

Rating Official provides a Supervisory interim assessment of the NSPS performance objectives.

NLT 19 May 2011 for the 22 May Spiral.

NLT 21 April 2011 for the 24 April Pilot Spiral.

Rating Official transfers to HLR for review and approval.

HLR returns/transfers to the Rating Official.

Rating Official completes interim by entering date and method of communication.

Step 3: Army AcqDemo CCAS Form. To retrieve the Army AcqDemo CCAS Form, go to the following link and save “CCAS Form” to your computer.

<http://asc.army.mil/policies/AcqDemo.cfm>

Step 4: Preparing the Army AcqDemo CCAS Form. NLT 23 Jun 2011, AcqDemo employees will complete the top portion of the CCAS Form. If any information is not known (i.e. Career Path, Broadband Level, etc.) please contact your supervisor/rating official.

Objectives/Interim Step-by-Step from NSPS to CCAS

Step 5: Copying of NSPS Performance Objectives from the PAA to the CCAS Form. NLT 23 Jun 2011, Employee will copy from the PAA, his/her NSPS performance objectives and paste onto the CCAS Form in the area marked **Contribution Objectives**. Additional guidance is provided on the form.

Step 6: Copying of Interim Assessments (Employee Interim Self-Assessments) to the CCAS Form. Once NSPS job objectives have been transferred, Employee will return to the PAA and copy the Interim self-assessments for each NSPS performance objective. Paste these to the CCAS Form in the area marked **Mid-Point Review (Employee Self-Assessment)**. This will allow for the carryover of NSPS accomplishments into CCAS.

Step 7: Forwarding the Employee's CCAS Form to the Rating Official. Employees will email their completed CCAS Form to their Rating Official.

Step 8: Copying of the Rating Official Interim Assessment to the CCAS Form. Upon receipt of the completed Employee's CCAS Form, Rating Officials go to the PAA and copy the Rating Official Interim Assessments for each NSPS objective for each Employee; and paste these to the CCAS Form in the area marked **Mid-Point Review (Supervisor's Assessment)**.

Step 9: Rating Official provides the completed CCAS Form to the Employee as an attachment to an email or in a face-to-face meeting.

EMPLOYEE NAME (FIRST NAME, MI, LAST NAME)			EMPLOYEE SSN XXX-XX-XXXX	DATE OF HIRE
EMPLOYEE'S POSITION TITLE		COMMAND	LOCATION	
EXPECTED CONTRIBUTION RANGE (ECR)	CAREER PATH (OR, NJ or NK)	SERIES	BROADBAND LEVEL (I, II, III or IV)	PERIOD COVERED: * From: To:
SUPERVISOR'S NAME			NOTE: The CCAS rating period is October 1 through September 30. Initial counseling is normally within 30 days from the date of hire of the new employee.	
Privacy Act Statement (552a of 5 U.S.C.)				
1. AUTHORITY: Section III.D, Federal Register Notice dated January 8, 1999.				
2. PURPOSE: The primary purpose of counseling is to define organizational mission and values, discuss individual job expectations and contribution goals, reinforce good contribution/work related behavior, correct inadequate contribution/work related behavior, and enhance the Ratee's ability to set and reach career goals. The best counseling is forward looking, concentrating on the future and what needs to be done better. Counseling should be timely. Counseling only at the end of the rating is too late since misunderstandings that impact contribution and work related behavior cannot be resolved in time for improvement before the end of the annual rating period.				
3. ROUTINE USE: The CCAS Appraisal Form will be provided to the rated individual either directly or forwarded to the rated individual. A copy will be maintained in the ratee's Official Personnel File. This form and Part I are for organizational use only and will be returned to the rated individual after review by the supervisor and the pay pool panel. In addition, information collected on this form will be used for statistical and impact analysis of this form as an evaluation instrument. In addition as an evaluation instrument, application for some training and programs may require the completion and submission of this form.				
4. DISCLOSURE: Disclosure of the rated individual's SSN is voluntary. However, failure to verify the SSN may result in a delayed or erroneous processing of the individual's CCAS and applicable payouts, i.e. General Pay Increase, Contribution Rating Increase and Contribution Award (if eligible). An employee self-assessment is voluntary. However, failure to provide the self-assessment requested will result in an appraisal of the rated individual without the benefits of that individual's comments. Should the rated individual use the Privacy Act as a basis not to provide a self assessment, this form will contain the rated individual's statement to that effect and be forwarded through to the pay pool panel.				
Rules for Counseling:				
1. Counseling (face-to-face, email, telephonic, etc.) is required for all civilians in the Civilian Acquisition Workforce Personnel Demonstration Project.				
2. Use this form along with a copy of the factors, discriminators, and descriptors for the rated individual's career path, i.e., NH, NJ or NK, and the Ratee's position requirements document.				
3. Conduct initial counseling within at least the first 30 days of each rating period and again at the midpoint of the rating period. Other informal discussions are encouraged.				
4. Document additional counseling with an addendum to this form.				
VERIFICATION OF COUNSELING OR DISCUSSION				
The following face-to-face discussions of career path, broadband level, factors, factor weights (if any), discriminators, descriptors, expected Overall Contribution Score based on the employee's current base salary, and contribution goals for the rating period took place:

NSPS2GS Tool

Sarah Chambers, PEO EIS:

“When is the NSPS to GS tool expected to be ready? Will this tool be the authoritative document for converting employees to the inputted Career Path and BBL? And in our last AcqDemo teleconference there was mention by the moderator that a listing or database roster of employees was going to be sent to all the converting organizations. Is that still going to occur and what do we do with that roster once we receive it?”

Todd Cole, Program Development Division, Office of the Assistant G-1 for Civilian Personnel

“The Tool is being tested by the team here and we have submitted comments for updates. I expect it will be deployed by end of the month.”

Results - Review Supervisor PD

Under GS rules, employees must perform supervisory duties for at least 25% of the time for their positions to be classified as supervisors. The list below contains occupied supervisory positions in your organization that require review to determine whether the classification as "supervisor" will continue after transition to GS.

A preliminary review has been accomplished of all supervisory position descriptions (PDs). That review identified and screened out positions previously classified as supervisors under GS; positions with 25% or more of the time documented in supervisory duties; and positions with grades based on nonsupervisory work (for instance, YA-2 or YA-3 positions with supervisory duties). Those positions are not listed below because they require no further review, and employees on those positions will transition to the GS grade applicable to the duties in the PDs.

The positions remaining on the list below are those that require a decision and certification by you, the next level supervisor or manager, as to whether they perform at 25% or more of their time in supervisory duties.

- Review the list of employees occupying supervisory positions. Click on the link in the column "JOBNUM" to review the PD. Select "Yes" in the "Supv 25%" column if the employee performs supervisory duties for at least 25% of the time; select "no" if not.
- If the employee meets the 25% threshold then no further action is required.
- If the employee does not meet the 25% threshold, the position will be classified by HR based on the duties recorded in the position description. If the duties in the PD are not adequate for classification, an HR representative will contact you and request a rewritten PD and RPA. It is critical that you provide the new PD and RPA within the time frame outlined by the HR representative to ensure placement of the employee on the new position prior to transition.

Note that the column to the far right of the screen is for comments. Click on the yellow folder with the green plus sign to add, email or view comments as needed for each record. To view comments that are already entered, after clicking on the folder, click on the "View Comments" button.

When you have completed your review of each record, select "yes" in each block under the "certify" column. Do not click "no".

Be sure to click "Save Changes" before exiting the tool to ensure that all data is saved.

If there are other supervisory positions in your organization that you believe should be reviewed and/or updated, contact your servicing CPAC for assistance.

HR Review will also be used by the CPAC to finalize the actions based Managements on the decisions made under the Command Review tab.

Reports tab includes several reports, most of which are for CHRA use.

Once the reviews have been completed for Supervisors, temporary assignments, TMs should review the Transition report for their organization. This report can be pulled by spiral code, command code, UIC or any combination. This report will provide the TM with the transition out pay plan and pay band for their employees.

		Basic Pay	1	NH	4	\$135,995	DT	102

CCAS Spreadsheet

- In the CCAS spreadsheet, “1” is the code for Retained Pay.
 - Will there be a different Retained Pay code for basic pay greater than the AcqDemo pay cap of \$129,517?
 - Will there be a different Retained Pay code for total adjusted basic pay greater than EX-IV cap?

Expected OCS

- Situation 1: Pre-transition basic pay above AcqDemo base pay cap of \$129,517

2011			Expected Contribution Range		
			Upper Rail	SPL	Lower Rail
Enter Base Salary	\$135,995	Expected Contribution Range =	99	102	107

- Proposed Solution for Situation 1, expected OCS could be based on the top of the band \$129,517, which for NH-IV would be = 100, or the PBP field, which would give an expected score greater than or equal to 100

Expected OCS

- Situation 2: Pre-transition base pay not above AcqDemo basic pay cap \$129,517, but total adjusted basic pay above EX-IV cap of \$155,500

2011			Expected Contribution Range		
			Upper Rail	SPL	Lower Rail
Enter Base Salary	\$163,275	Expected Contribution Range =	108	112	116

- For Situation 2, expected score could be based on the top of the band (100) or the PBP field, which would give an expected score less than or equal to 100

Retained Pay

- Employees on retained pay do not have a basic pay
 - Both the basic pay and adjusted basic pay fields in DCPDS have adjusted basic pay (basic pay plus LMS/Locality)
 - ARDEC is proposing a performance basic pay (PBP) field for Situation 2 (>EX-IV pay cap) to store pre-transition basic pay
 - The PBP field could be used for both Situation 1 (>AcqDemo pay cap) and Situation 2 (.EX-IV pay cap)
- ❑ PBP field for all Retained Pay situations?

Total Payout Disconnect

- Consider two employees whose NSPS base pay was \$1 apart, where one was on retained pay and the other was not.
- With no GPI this year, neither one will receive a pay increase based on GPI.
- Also, assume that the EX-IV cap will not change.
- The one on retained pay will receive his or her performance-based increase as a carryover bonus.
- Depending on the amount of the increase, the one not on retained pay can receive the entire amount as base pay, but will lose all of the increase except \$1 to a decrease in locality pay due to hitting the EX-IV cap.

Summary

- If the PBP field is approved and created, AcqDemo will need to decide whether or not to use it to compute expected OCS.
- If the field is not approved or created, then expected OCS for cases 1 and 2 would be 100, for NH-IV.
- In either case, AcqDemo should consider adding a carryover bonus based on the EX-IV cap to equalize the payouts between those on retained pay and those not on retained pay.
 - Note that carryover bonuses already consume 21.7% of the CRI funding.
 - Adding a new carryover bonus will increase that percentage.
 - If the purpose of CRI is to replace lost GS step and promotion money for those with room to grow in base pay, the change will move even more of that money to bonuses for employees hitting caps.

Future Decisions

- Assume ARDEC's proposed "performance base pay" (PBP) field is approved as a new DCPDS data field*
 1. For those on retained pay with PBP greater than the top of the band, decide whether to use the top of the band pay or PBP to determine expected OCS (Case 1)
 2. For those on retained pay with PBP less than the top of the band, decide whether to use top of the band pay or PBP to determine expected OCS (Case 2)
 3. For those not on retained pay whose adjusted base will hit the EX-IV cap, decide whether to add a carry-over bonus capability to the CCAS spreadsheet

*If it is not approved, it would be possible to modify CAS2Net to carry it.

Supervisory Differential

- Supervisory Differential is discretionary (see 5 U.S.C. 5755, 5 CFR part 575, and DoDI 1400.25-V575), and HR specialists should ensure that regulatory criteria are met in order to continue the differential after transition.

Supervisory Differential

The 2003 AASA Hudson memorandum is the last delegation provided by the AASA on supervisory differentials. Inside the NCR, it is not delegated so approval must be provided by the AASA and outside the NCR, delegation is to the HQDA Principal Officials with authority to re-delegate to Commanders/Activity Heads (MG or Civilian Equivalents).

The delegation authority from the Secretary of the Army (as reflected on the administrative re-issuance of the DODI in 2009) has not been updated as of now. I will ask ASA (M&RA) if the intention is to delegate this authority. We are unable to update this authority until re-delegation has occurred.

Therefore, in the interim, we will utilize the 2003 memo as the most current delegation from the AASA. There are delegations however, that have been updated since 2003 that may be found at

MEMORANDUM FOR HEADQUARTERS, DEPARTMENT OF THE ARMY PRINCIPAL OFFICIALS

SUBJECT: Delegation of Civilian Personnel Authorities to Headquarters, Department of the Army (HQDA) Activities

1. Reference memorandum, AASA, dated May 21, 2003, subject: Delegation of Civilian Personnel Authorities in Headquarters, Department of the Army (Enclosure 1).
2. Referenced memorandum clarified the lines of authority for delegation of civilian personnel authorities for HQDA agencies and their subordinate activities. The purpose of this memorandum is to redelegate certain personnel authorities that have been delegated to me as the MACOM Commander for HQDA. I hereby delegate these authorities, with authority to further delegate, as described in Enclosure 2, subject to any specific guidance by higher authority or my office on the exercise of these authorities.
3. When further delegation is permitted and deemed practicable, HQDA Principal Officials may redelegate civilian personnel authorities by position title to heads of Field Operating Agencies (FOAs), Direct Reporting Units (DRUs), or Staff Support Agencies (SSAs), and through them, to heads of their subordinate elements, and so forth down command channels and/or the supervisory chain. Redelegations should be made in writing. Except as restricted in Enclosure 2 or by higher authority, HQDA Principal Officials with FOAs, DRUs, or SSAs (or elements thereof) located outside the National Capital Region (NCR) are delegated authority and assigned responsibility and accountability for civilian personnel actions and programs at those locations.
4. The Director, Human Resource Management Directorate (HRMD), U.S. Army Resources and Programs Agency, of my office, is designated to act for me in executing civilian personnel authorities for HQDA agencies and their subordinate activities inside the NCR and for Joint and DoD activities, unless such authority is restricted by higher authority or otherwise specifically retained by me.
5. I am aware that with the changes to the Army's structure and existing lines of delegated authority, certain commanders and other management officials who currently possess Delegated Classification Authority (DCA) will no longer have that authority beginning in Fiscal Year 2004, absent action by their respective HQDA Principal Officials. Accordingly, until DCA is appropriately redelegated by HQDA Principal Officials, individuals who have been fully trained and certified for DCA may retain that

authority. A list of individuals trained and certified, who will continue to execute classification authority, must be submitted to the Director, HRMD, by 31 October 2003.

6. Neither this memorandum, nor the delegations contained therein, shall have any impact on civilian personnel authorities with respect to Senior Executive Service employees or positions.

7. HQDA Principal Officials should disseminate this memorandum to their subordinate activities.

8. Any requests for exceptions to the restrictions I have placed on delegation or redelegations of authority will be reviewed on a case-by-case basis. My point of contact is Ms. Sherri Vauls Ward, Director, HRMD, at (703) 697-2691 or DSN 227-2691 or Sherri.Ward@hqda.army.mil.

MEMORANDUM FOR Headquarters, Department of the Army Principal Officials

SUBJECT: Delegation of Civilian Personnel Authorities in Headquarters, Department of the Army

1. Realignment Task Force (RTF) decisions have and will continue to result in significant changes to the Army structure and existing lines of delegated authority. Since these changes also affect the HQDA, I want to clarify the delegation of civilian personnel authorities for HQDA agencies and their subordinate activities.
2. The Administrative Assistant to the Secretary of the Army has been delegated civilian personnel authorities for the HQDA consistent with those delegated to Major Commanders (MACOM). When not prohibited by policy or regulation and when deemed otherwise appropriate, I have and will continue to delegate authorities to HQDA Principal Officials for further delegation to Field Operating Agencies (FOA), and similarly to any Direct Reporting Units (DRU) for which you have staff oversight.
3. In discussions with the Deputy Under Secretary of the Army on this subject, it was made clear that The Army's intent was not for FOAs and DRUs of the HQDA to obtain or retain MACOM-level civilian personnel authorities. As MACOMs are redesignated as DRUs, authorities that once rested with them as MACOMs will be rescinded and redelegated, as appropriate.
4. Any exceptions to existing delegated authorities for HQDA activities will be considered on a case-by-case basis. My point of contact is Ms. Sherri Vauls Ward, Director, Human Resource Management Directorate at sherri.ward@hqda.army.mil or (703) 697-2691.

FACTOR 3 - SUPERVISORY AND MANAGERIAL AUTHORITY EXERCISED

This factor covers the delegated supervisory and managerial authorities which are exercised on a recurring basis. To be credited with a level under this factor, a position must meet the authorities and responsibilities to the extent described for the specific level. Computation of Overtime Pay

(1) If the rate of basic pay of the employee is fixed on an annual basis, divide the rate of basic pay by 2,087 and multiply the quotient by one and one-half;

Example:

Total Annual Salary: \$84,500 (Base + Locality)

- $84500 \text{ (salary)} / 2087 \text{ (hours)} = 40.4887$ (rounds up to 40.49)

- $40.49 \times 1.5 = 60.735$ (rounds up to 60.74)

Per Hour: \$60.74 is the overtime rate
